PHEASANT 

ENGLISH

WORKBOOK

Pheasant English Pre-primary Workbook consists of three books named **Primer**, **Foundation-1**, and **Foundation-2**. Pheasant Primer Workbook focuses on the tracing of patterns and small shapes of letters, while Foundation-1 emphasizes on the tracing and writing of small and capital letters; moreover writing practice of three-letter words is also included in this book. Foundation-2 covers the writing of three and four-letter words and simple sentences.

The Golden Edition series contains two effective teaching methods including Sight Reading and Phonics. The Sight Reading technique strengthens child's memory; helps in comprehension, and absorbing knowledge. While Phonics is the method in which we teach letters through their sounds (Phonemes). It is globally used for effective word building in English, Arabic and Urdu.

Through this series children will learn sounds of alphabet, vowel and consonant blends, diagraphs, three letter words, keywords, sentence making, story reading, writing practice and various pedagogical concepts which will help them understand complex text in upcoming primary classes. Along with this series Pheasant workbooks are used to reinforce writing practice.
